

SKIT | EXIT DOOR KIT

If you can't see the **EXIT**, you can't get out!
Great for industrial buildings, schools and sports complexes.

1. Photoluminescent **REVERSE** Exit Sign overlay, affixes to existing EXIT sign to assure emergency performance – 6 1/2" x 9 1/2"
 - Self-adhesive panel
 - Reverses the exit sign's function when the power is off
 - Alternate use as a Low Level safety sign
2. Photoluminescent Low Level safety sign – 6 5/8" x 9 1/8"
 - Green PVC with glowing letters with adhesive back
 - Gives egress direction in smoke filled environment
3. Acrylic photoluminescent tape - 1" x 20' roll
 - Outline door and push bar for easy access to egress route

Code compliant: ICC/IBC/IFC
